WHAT TO EXPECT

Your adventure begins with an afternoon pick-up from your Cape Town or Stellenbosch accommodation. Travel through the scenic Overberg region to the charming seaside town of Hermanus, famous for its land-based whale-watching.

First, stop in Kayamandi for a warm Xhosa welcome. A local host will invite you into their home to enjoy traditional treats like Magwinya (a melt-in-your-mouth savoury bun), spicy chakalaka relish, and rooibos tea. Sit around the table, sharing stories and soaking up the vibrant community spirit.

Next, head to Stony Point Reserve in Betty's Bay, home to a thriving colony of African penguins. Watch these adorable creatures waddle along the rocks, and be sure to spot the rock hyraxes sunbathing nearby. Continue along the breathtaking Clarence Drive (if open) to Hermanus, arriving in the late afternoon. Take a sunset cliff walk or, during whale season (June–November), spot southern right whales from shore.

Start your morning with a visit to the Panthera Africa Big Cat Sanctuary, where you'll have the chance to see rescued lions, leopards, tigers, and other big cats. While listening to fascinating stories of how each one was saved, you'll be introduced to important conservation projects that aim to ensure their survival.

On the way back to Cape Town, choose your adventure:

Zipline Adventure in the Mountains:

For thrill-seekers, zipline across the lush landscapes of the Elgin Valley (optional activity at extra cost). A 4x4 drive along a dirt track takes you to the mountaintop, where you'll glide between 13 platforms on slides stretching up to 320m. Professional guides share fascinating insights about the area's nature and geology.

OR

Local Market with Mountain Walk:

Explore Elgin's quirky Railway Market, a converted 1940s station filled with local crafts and food stalls, before enjoying a short hike in the scenic Hottentots Holland Nature Reserve.

End with an early evening drop-off at your Cape Town accommodation.
